

## Portrait Packages

At Capture The Moment Photography I have dozens of unique and creative ways to take your portrait. The first question I ask is where you would want your portrait taken. Many don't consider having their portrait taken outside! Even winter can provide a fantastic setting!

Why outside? Nature provides the best settings and backgrounds in the world. No indoor setting can beat what nature has to offer. I can either recommend a location or I will meet you at the location of your choice (within a 60 km radius of my studio in Dundas).

I am full of ideas.

Do you know there are 32 different waterfalls in Hamilton and surrounding areas

- Everyone likes a family portrait taken by their Christmas tree. Why not take it outside at a cut your own tree farm or when unloading the tree in your driveway
- When it comes to babies or small children – they need to be themselves rather than staged in your family portrait – use a toy or whatever they love to cuddle to keep them happy and engaged
- Graduations, birthdays, anniversaries – any occasions can be captured outside – just ask me and I will suggest a wonderful way to Capture your Moment
